FramerJS User Testing

Principle Time-Management

Recognitions

2017 Eureka Design Blitz Winner

Dean's List: 2015-2017

Eagledream Technologies Design Intern

June 2017 - August 2017

Assisted the Creative, App Dev, and Sales teams with project and pre-sales efforts. Played a critical role in helping win a competitive bid with a Fortune 500 company with a high-fidelity prototype given only high-level and limited functional requirements.

Makeway Design Intern

May 2016 - August 2016

Created and maintained empathetic and targeted brand identities in a small creative agency setting. Lead design on multiple projects.

Cenify UI Designer

Oct 2015 - April 2016

Created mobile UI for a smart-home start-up platform based on user flows and pain points in traditional systems.

RIT UX Club President

2016 - Present

Working to create a community in the HCI field at RIT.

WITR 89.7 DJ, Member at Large

2015 - Present

Host radio show and manage membership and recruitment within station.

National Stuttering Assoc. Chapter Leader

2016 - Present

Lead a support group for those in the Rochester area who stutter.
